

DESIGN PROJECT SITE UPDATE

Last Updated: January 4, 2011

Project Name: FY 2011 Sidewalk Access Ramp Project

Contact Information:

Senior Engineering Technician: Malinda Reese

Phone: (805) 897-1918

E-mail: MReese@SantaBarbaraCA.gov

Project Description:

The project proposes to install sidewalk access ramps at various locations throughout the City of Santa Barbara, including:

- De La Vina Street at Calle Laureles
- Quinto Street at Orella Street
- Modoc Road at Mission Street
- 1131 – 1143 Coast Village Road
- 1150 Coast Village Road
- 1205 – 1213 Coast Village Road
- Alisos Street at Cota Street
- Alisos Street at Carpinteria Street

The completion of these access ramps will mark the completion of key Access Corridors that were determined in coordination with the Access Advisory Committee (AAC).

Project Progress:

The design of this project was completed in December 2010. However, prior to the bidding process, right-of-way issues pertaining to a few of the ramps are being addressed.

Current Schedule:

Construction is estimated to start in May 2011 and last approximately 2-3 months.

Example of Standard Dual Directional Access Ramp Recently Constructed

Example of Standard Diagonal Access Ramp Recently Constructed
